Jebel Ali Hotels are renowned within UAE as offering 5 star luxury accommodation,. As a result, their corporate guest business facilities carry enormous expectations in terms of quality and final product; inevitably the scheme will attract highly critical attention.

DS&W have worked with Jebel Ali Hotels for more than 4 years, our challenge was to deliver 5 Star facilities, within an existing FOH floor, The existing floor was stripped and demolished, within live environment, the scope included high end walnut joinery, a large IT & AV package to create 3000m2 of corporate space.
